**Smart medical devices
from design to manufacturing**
**preparation and delivery
of medical treatments**

EVEON offers innovative medical devices dedicated to patients, doctors and nurses to improve the preparation and the delivery of injectable, biologics such as lyo, viscous products, suspensions, radiopharmaceuticals, emulsions, and cells.

Intuity® is a unique technological and modular platform of fully automated preparation and delivery devices. Your custom-made solutions is built for your drug packaged in your own primary containers: vials, cartridges, and syringes.
